Let's, tap, let's tap. Future tapping game!

Today's track is TAP de Papapaya from Let's Tap

{audio}<http://www.angry-gamers.com/music/tapdepapapaya.mp3>{/audio} Please note due to copyright issues I can not make this song available for you to download directly.

Let's tap is a fun little rythm based mini game collection for the Wii created by Yuji Naka creator of Sonic the Hedgehog. Unlike most games however Let's Tap involves placing your controller face down on the box it comes with and tapping the edge of the box with your fingers!
