**I love this song, but I don't like zombies on my lawn.**

**Today's track is Zombies on Your Lawn from Plants vs. Zombies (sang by Laura Shighihara)**

While the game isn't going to be released until May 5th, it has caused a lot of commotion. The game is basically a tower defense game, though now you'll be controlling plants so you can protect the humans against some brain hungry Zombies. And we all know how addiciting Pop-Cap games are, just look at Peggle. And sure this song is catchy and addicitng. Imagine if Pop-Cap creates a music label of their own.

You can check out <http://www.popcap.com/games/pvz> for some more info. You can also download the song and a Japanese version of it, for those Nippon-savy OLRmy members.

If you want to post your opinion about today's track or you've got a song suggestion you would like to see featured from a game let us know in the comments and we'll see what we can do about featuring it in an up coming article!
