The greatest 3D platformers of all time. (There I said it)

Today's track is "Banjo-Land Medley" from Banjo-Kazooie Nuts & Bolts

Please note due to copyright issues I can not make this song available for you to download directly.

It's no secret that I'm a HUGE Banjo-Kazooie fan so I figured to celebrate the release of Banjo-Tooie on the XBLA last week I wanted to put up my favorite piece of Banjo music. Problem is they're ALL great tunes so I figured I'd go with something from Banjo-Kazooie Nuts & Bolts the largely over looked car driving sequel on the Xbox 360. Best part is it's all of my favorite Banjo-Kazooie Tracks rolled into one.
