Today's pick is a special request by @gimmeTOKYO via Twitter Rival's Battle Theme from Pokémon Gold and Silver

{audio}http://www.angry-gamers.com/music/20_rival_battle_theme.mp3{/audio} Please note due to copyright issues I can not make this song available for you to download directly.

The Pokémon series has always had pretty damn awesome music, the Rival Battle Theme from Gold and Silver are no exception to that. Your rival on Pokémon has always given troubles since he's a douche and wants to be better than you in every possible way, always competing always looking out to be the best there is. So his battle theme has epic, every battle decides who is the best of the best, no but's about it.

If like @gimmeTOKYO, you have any song suggestions or want to comment on the song, post it in the comments or send me a request via Twitter at @act_deft!
