Due to legal reasons I can't make this song available for download directly.

The King of Speed Daytona USA

Let's face it, the vocals in Daytona USA were ridiculous. But the music itself? Nobody can deny how awesome the game's soundtrack was. SEGA AM2 whipped up the perfect OST for speeding across the infamous oval of the Daytona 500, alongside up to seven other racers (depending on if your arcade had the uber-deluxe unit or not)

But, if you hit 'Read More', I've thrown in a bonus song for this week!

returning to the attract mode, so anyone that wanted to jump in before the race started could...
it's not a particularly *long* track, but just long enough to attract any other challengers.
