Long live the King!

Today's pick is Smooth Criminal from Michael Jackson's Moonwalker!

What can I say about Moonwalker? It's probably one of the greatest Sega games of all time with probably the most iconic person in Pop history. A combination that really goes well together, especially music-wise. The 16-bit transitions of MJ's song is pretty well done and are as great as the original versions. Probably my most favorite song is Smooth Criminal and seeing Michael kick the bad guys' ass with that song is just a great experience in my younger years, especially since the video for it is all freaking badass!

Sadly Michael Jackson has passed away, but his legacy will continue to reign. May you rest in peace Michael, ***keep on Beatin' it!***
