Due to legal reasons I can't make this song available for download.

I'd planned to take a break from the music game-related selections at least for a while, but after the show wrapped up on Sunday (*tune in at 6 every night over at AllGames !*) and before they pulled the plug, their last song was this sentimental favorite of the show's hosts and early listeners... thus I knew what my pick would be.

This song originally appeared in DDR SOLO BASS, before later appearing in the home release DDR Extra MIX on PSX. If I could use one word to describe this song, well... its 'bootylicious' .

Of course DDR SOLO 2000 was the highlight of our very first episode way back in 2002, and if you want to hear how *that* went down, don't forget to check out my 'blast from the past' highlight reel, *OLR: Best Hits Volume 1* !
