(For legal reasons I can't make this song available for download.)

As I mentioned in my article on Monday, one of the songs announced that would be included with Konami's brand new Kinect-compatible rhythm game, Dance Masters would be the Eurobeat classic, Night of Fire.

Not a whole lot I can say about this song, it basically speaks for itself.

BONUS: Hit the jump if you want to check out the routine for this song! *(Maybe get in some practice before Dance Masters launches sometime after the Kinect is released?!)*
