That grin is either really sarcastic or he's truly happy about something...

Today's track is The Battle of Lil' Slugger from Super Meat Boy!

Super Meat Boy is probably one of the most frustrating yet most engaging, entertaining and hilarious game of last year. It is hard as hell but pretty fun and somewhat rewarding to play, and it also has some of the greatest music I have heard. One of my favorite tracks is the music for the first boss in the game, Lil' Slugger. It is a pretty exciting song, very suspenseful, considering the tons of stuff you have to evade and the jumps you have to make to not get killed. Pretty much the whole consists of Metal-ish songs, which also try out your patience along with the game, but even so you'll stop in a level to just hear the awesome soundtrack it has.

The soundtrack is available to download on dbSoundworks site and it's pretty cheap too if you really want to get it.
