After hearing the news that Arcade Infinity was saved from being closed down on January 15th, I thought I'd go with an oldschool IIDX selection, one of my faves from back in the day: Reincarnation by my favorite artist, dj TAKA!

Unfortunately, I don't know if this song is still on the roster as of IIDX18: ResortAnthem, so I can't tell you to go play it at AI whenever they get the new IIDX... *(I suppose you could go to milp***s... bastards. :P)*
