I'm back folks! This time I dove back into the BEMANI archives for another song (which I still can't believe I never did this one!!) for a happy upbeat track, Starmine! It first appeared in beatmania IIDX 4th Style.

Also hit the jump for the video, which I can summarize in three words: TRAN FAN DANCE!!!

Liked my pick? Don't forget to hit up [myself](#) or [act-deft](#) on twitter if you have any requests!
