That's right folks! Misty and I have teamed up again to return to the Orange Lounge Radio vault for some more classic clips from our BEMANI Music & More days!

As the title implies, this time the emphasis is on some of the musical highlights. Cagematch, "Reverse" Cagematch, as well as the two segments featuring Konami's very own Karaoke Revolution!!

But I won't say much more than that (Other than to expect much of the same crazy randomness found in Volume 1)... so to find out what else is in store, tune in this Sunday at our usual time! (6PM Pacific/9PM Eastern, right after The Bobby Blackwolf Show!!)
