(*Can't link this for download, sorry*)

What would 3rd MIX week be without a little E-Rotic?! I dunno either. I also don't know why all their songs are so explicit, but then they're called E-Rotic, so I guess it's to be expected.

I don't have the video for this one, but I DO have a particularly epic freestyle, noteworthy in the fact is I discovered it in an issue of EGM talking about the PSX version of DDR 3rd MIX! After I downloaded the video I tracked down the original site and eventually wound up meeting the others who would later go on to form OLR!

So hit the jump to see it, its EPIC.

But if you want better freestyles, tune in tomorrow as I feature a Video Stumble with a few good ones!
