Today's Track is Sanctuary by Utada Hikaru from Kingdom Hearts 2

Kingdom Hearts 2, the long awaited sequel to one of Square's greatest series and crossovers. New things to discover and a bigger plot to unveil. A really great game with, again, really good music.

Utada Hikaru is back to make the theme song for the game, and she truly did a great job again. I won't talk much about the song itself, I'll just let the video do the talking. Seriously a great work of Square on combining the visuals with the music.

This is truly one my favorite video game songs of all time. And you really need to check out the Kingdom Hearts series if you can, Dream Drop Distance for the 3DS looks amazing!
