The Fire has been doubled!

Today's track is FIRE FIRE by StripE from Beatmania IIDX 14 GOLD!

Please note due to copyright issues I   can not make this song available for you to download directly.

We have talked about Beatmania IIDX before in these articles so many times that there's not that much to talk about the game itself, but rather of what we think of said games. And of course, the music.

So IIDX GOLD is probably one of my favorite mixes in whole IIDX, lots of great songs in it. Like "FIRE FIRE", it's starts out slow like your usual electronica music and builds up for the rest song. Quick and hard beats throughout most of the song and your usual "background screams" telling you to rock out and party, IIDX style! I would like to have a long version of this song but 2 minutes shall be enough to get you like this song.
