Space Invaders Extreme is one the best DS games out there. It's definitely NOT the Space Invaders you have played before. Like most games getting a "Remix" nowadays, this would be the Space Invaders one. And the soundtrack is really something you shouldn't missed. Especially since the game resembles Rez, using the music to help you through game and creating music and beats of your own.

This song is featured in official soundtrack of the game, which is called Space Invaders Extreme Audio Cluster. The soundtrack was made by Zuntata, an old soundtrack collaborator over at Taito. Most of the soundtracks he has worked on have been pretty good.

I love that song! - EXTREMELY Awesome!

So I suggest you to pick up the game. It's really cheap too.
