Gaming weeks from the OLR community:

[Deekman](#) : Oh and Eat Lead: The Return of Matt Hazard my new favorite game.

[act_deft](#) : My: gaming week was Rock Band 2, Street Fighter IV, Pac-Man C.E., Peggle demo, Sonic 3 and Knuckles and of course, Bit.Trip Beat

[DanShadow](#) : Oregon trail and henry hatsworth with a lil fable 2 and re5

[MeowFrog](#) : World of warcraft and COD World at war a bit... but not much... My gaming week sucked :(

[darkknight](#) : Finding a SNES in parents' basement + childhood memories = awesome gaming week.

[kidmanproject](#) : My gaming week consisted of a lot - and by a lot, I do mean a lot - of Resident Evil 5 and some Shenmue on the Dreamcast!

[j00zt1n](#) : Got Pokémon Platinum in the mail for review, so that's all I've been playing. Plus, my 360 has the now-infamous E74 error so yeah.

[MarronMarvel](#) : My gaming week was awesome. Played a lot of Rockband 2 & Age of Empires: Mythologies. Also went old school w/Symphony of the Night!

[DarkTetsuya](#) : a crapload of NFS: Underground 2 (way better than the original) and streaming SNEAK KING and GHOST Squad on justin.tv/darktetsuya :P
