Are you ready to ROCK?! As promised, a song not from a racing game!:

Easily my favorite GF/dm song ever, today's song is a hot one (sorry, pun intended) FIRE from *Guitar Freaks 3rd Mix/drummania 2nd Mix*

No vocals in this one, just a lot of kickass guitar riffs! This version is the shortened 1:30~ version which appeared in *Dance Dance Revolution SuperNOVA 2*, but there was also a 'Long Version' which will really test your guitar-shredding skills!

I do kinda wish this would be Rock Revolution DLC though, to go with their other GF tracks that have crossed over.
