I know it's been awhile since there's been one of these on the site, which is why I'm trying to spice things up a little bit. This week I give you a pair of songs that were reportedly going to be 'mashed-up' for their appearance in Activision's newest franchise, *DJ Hero*!

Shout was released in 1984 by the British group Tears For Fears, and it was #1 on the Billboard Hot 100 in August of 1985.

Six Days was a song by DJ Shadow, most people know it as the title track to 2006's *The Fast and the Furious: Tokyo Drift*.

Listening to both of these songs, yeah I think I could see some possibilities for awesome remixed mashups of the two songs... this would be the pair I'm most looking forward to in *DJ Hero*

I love that song! - DIY DJ Hero Mashup Edition
