

It's our first show of 2023, and we start by not just taking a look back at the prior year, 2022, but make some predictions for 2023. Some are silly, and some are very real, we will check in to see how we did at the end of the year. With Consumer Electronics Show having happened this week, we also have some gaming news to get into, as a new year in gaming with some big new game releases gets underway. All this, and much MORE including talk about yes, the weather, on another episode of the longest running video game podcast, Orange Lounge Radio!

Also in the News:

- * Another Activision Blizzard Studio Unionizes
- * Awesome Games Done Quick Returns Virtually
- * Is Dead by Daylight Losing Leatherface? (Rumor)
- * New more Accessible PS5 Controller

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
