

A best selling console gets the price drop but it probably was not the one you were hoping for... Also, a new firmware turns up for the Playstation 3. Konami reveals more about the Saw franchise of games but is it really something we're interested in? Some hosts make some strong opinions on the game which gets a response out of our chatroom... In part B tonight, could an old old PC franchise be resurrected by Blizzard? Also, Sega looks to be bringing more games to XBLA even though they just put out a solid collection on DVD. Yet another Silent Hill game is announced that sounds quite interesting, and an iPhone app made just for button mashing? Yup, they will make anything! All this and more including your chatroom comments, emails, phone calls and much more on the show where every gamer has a voice- Orange Lounge Radio!
