Nintendo has announced a live event to take place in Seattle in September, but the big mystery is what might they be wanting to show people. Is this the Western arrival of SpaceWorld? Or is there something else Nintendo hopes to accomplish with this event? Would this be something gamers would be interested in attending, possibly traveling across the country for, or will it be more like the mall tours prior to pandemic lockdowns? We discuss all this and much more in gaming news this week on another episode of the longest running video game podcast, Orange Lounge Radio!

Also in the News:

- * Nintendo has Discord Leaks of their own
- * Final Fantasy 16 State of Play
- * Dreams to Shut Down
- * Which State is the most Obsessed with Video Games?

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
