On this episode, our first live episode of 2009, we are joined by our old buddy SOS, who puts up a gift card in a game of OLR Match Game which drags on and on and is plagued with technical difficulties. Its all pretty funny though when the table collapses from the intense pressure. In gaming news, Why would someone call into Blizzards hotline to threaten suicide? Did they do the right thing by calling the cops? Also, news on how to turn your old HDDVD player into a freakin laser beam! Amazing! Not that we would condone setting things on fire. Okay, maybe small things... And please, OLR listeners... do not be stupid and put your credit card in a Wii like some lady did. All this and MUCH MORE on the show where EVERY gamer has a voice, Orange Lounge Radio. <http://www.orangeloungeradio.com>
