On this episode that was taped the eve of E3, we addressed some of the latest rumors and things that leaked out just before the show began. There is still some things that you don't want to miss since all the E3 fallout though such as a popular MMO shutting their doors, and a popular video game magazine coming back to life. Also, as always we take your calls, chatroom antics, emails and much more on the show where EVERY gamer has a voice: Orange Lounge Radio
