The Wii price drop is official, at least in some parts of the world. Meanwhile, more bundles start to show up for the xbox 360 and the PS3, I mean it was inevitable we would see a final fantasy bundle for PS3, right? In a big leak, some huge details are spilled about some upcoming Sony features, but how much can we trust what we read? Also, Squeenix and PopCap are teaming up for a new game... well maybe it is just a new twist on another familiar game. In Part B of our show, we talk about the new Playstation Room. What might happen to rooms across America if World of Warcraft disappeared for several months? Well, it happened in another country... All this and MORE including the Classic Game of the Week, your chatroom antics, skypeline calls, e-mails and more on the show where EVERY gamer has a voice: Orange Lounge Radio!
