It's been talked about since the early days of the show. Even moreso in recent months with the creation of the [OLRchive](#) and the [Wiki](#) .

Ladies and gentlemen, I am proud to present:

Orange Lounge Radio: BEST HITS Volume 1.

This was a collaborative effort between myself and fellow fangirl Misty, who was kind enough to provide narration for this trip down memory lane. We're hopping in the TARDIS and travelling back to the year 2002, where we revisit our early days when we talked about Konami's BEMANI line of music games at home and the arcade.

That's not to say OLR was any less of a trainwreck back then than it is now.... far from it.

But you don't have to take *my* word for it, download the first volume [HERE](#) !! (or my mediafire mirror [HERE](#) !!)
