Nintendo Press Conference, Halo Cheaters, Gears of War delay, Auto 3DS Updates, Huge PC Games, Sonic 4, NBA Elite 11 and MORE on the show where EVERY gamer has a voice:
Orange Lounge Radio

On this episode of Orange Lounge Radio, the lovely MarronMarvel fills in for an absent Rob Roberts. The hosts this week talk about the special Nintendo Press Conference held in lieu of the Tokyo Game Show. Are we still as excited about the 3DS as we were after E3? Or is that price point going to be a bit too much to bear? Of course, it is all about the games as well, and we talk not only about 3DS games this week, but PC games and a little bit of Sonic 4 as well. And of course, it is not OLR without the LIVE input from our chatters, e-mails, tweets and so much more on the show where EVERY gamer has a voice-- Orange Lounge Radio
