

Sony is opening themselves up to more indie development by waiving the license fee on mobile development. Could this be a response to Microsoft sunseting XNA, or is this just a move to try and bring more value to the Vita? We dive into this news story, and plenty more with our live chatroom tonight.

Also joining us LIVE is Joe from It's Dangerous To Go Alone, which is a documentary being made all about the cultural influence of The Legend of Zelda and the inspiration it's had on many artists. The project is seeking backing on Kickstarter, so hear Joe answer LIVE chatroom questions all about the film and why we should consider backing it!
