

After a week off so Rob could attend GaymerX, the gang is back in studio with our guest Allen Alchemy to talk about the convention as well as the latest in what Allen's been playing on Steam in an effort to get more trading cards! We tackle the week in gaming news as well, which starts with a story on Amazon, and the rumored console they are working on. Could an Amazon console be a good thing, or is it just more saturation in an ever growing Android console market?

Also in the news:

* Is Left 4 Dead 3 Real?

* Used Game Lawsuit against GameStop

* Nintendo Direct

* Xbox Points Conversion
