

PAX East was wrapping up as our show was broadcasting this week, and we talk to some of our listeners LIVE in the car about the show! During the Skype segment later on, we hear from another! There were plenty of new announcements from PAX including a new Civilization and a new Borderlands game... but our callers give some perspective that indie games were the real dominating games at PAX East.

Also in the news:

- * Super Smash Bros. Direct

- * 360 Compatability on Xbox One?

- * EA to try to rescue some Gamespy multiplayer

- * Marvel Characters in Disney Infinity

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
