

Guess what? #welovegamedevs and the video games they make, so we start off tonights show with a little bit of a reminder on why it is we like to spend Sunday nights talking about these things in the first place. After that we dive into the news, to talk about Atari reboots of two popular franchises (even if one is very dated), as well as EA putting the smack down on FIFA coin sellers. Shane fills in tonight for LOKI to bring an abundance of Pokemon and Power Rangers chat, if you are into that sort of thing.

Also in the News:

- * Wildstar update pacing
- * Final Fantasy Explorers for Japan in December
- * Fibbage on Xbox One
- * Disney Infinity for Free
