It's the 600th episode of our broadcast which began nearly 13 years ago as a celebration of music video games and the community surrounding it. What do we think has most impacted gaming in 13 years? A lively discussion with our friends in studio Flaco Jones and rkdn42 kicks off the show. Alcoholic beverages, adult films on the oculus rift, a listless to predict episode 1,000 of our show, and most importantly our listeners... it's all here on this historic podcast episode!

Also in the News:

- * Need For Speed to require internet connection

- * Nintendo Direct in Japan

- * Wildstar to go Free to Play

- * Nintendo Humble Bundle

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
