A few more details are released this week on Super Nintendo World, a new theme park area set to hit Universal Studios in Tokyo just in time for the Olympics. What sort of rides would we want to see at a park like this? We fantasize and plan a trip to Japan in 2020 on this week's episode. We also get into the news of the week which includes some updates on the Nintendo Switch, and just what exactly we will be learning about on January 12th.

Also in the news:

- * Ragequitters to be disgraced in Street Fighter V

- * New Dragon Quest XI trailer

- * Controversial Overwatch costume

- * Lost Odyssey for FREE

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
