E3 is just 6 days away (from the broadcast of our show) so it's that time we roll out not just our E3 predictions, but the things we WANT to see from the show. Will we be right? We will find out next week! In the meantime, the news doesn't stop coming, including news this week that the Playstation 3 is ending production. For one thing that ends in gaming, another begins, and we talk about it all with our live show participants!

Also in the news:

* Nintendo Online Service

* Valve Steam Direct fee

* Twitch plays the Stock Market

* Minecraft Story Mode season 2

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
