On this weeks episode, while celebrating National Wine Day, we talk about another Kickstarter that's surprised backers by going on hiatus. How do we feel about crowdfunding sources in gaming at this point, and do we have a tendency to highlight only the bad stuff and not the good stuff? Also, we talk about a company acquisition in gaming that has brought things somewhat full circle.

Also in the News:

- * Rumor: Disney to allow another studio Star Wars?
- * ESRB asked to reexamine loot boxes
- * 1440p support on the Xbox One X and Xbox One S
- * New Atari Cryptocurrency

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
