After some quick movie chat (hey, sometimes we like to watch movies as well as play games), we shift the conversation to concerts. Is there a video game concert that you've seen that was awesome? What is your dream concert? We ask this of our hosts as well as our live listeners at VOGNetwork. Then we get to the news, which includes the development of the stripping of Billy Mitchell's titles as record holder in Donkey Kong. What do we think of this situation and Billy's follow-up message? Will the classic gaming score scene never cease to bring us drama? Find out on an all new Orange Lounge Radio!

Also in the news:

* Nintendo Switch Minecraft to get Microsoft Achievements

* Xbox One Backwards Compatability Update

* Universal Studios to get Pokemon Park?

* Loot Box related fines from South Korea

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
