

The Vita has officially been put out to pasture by Sony, and we take some time discussing the highs and the lows of this console. What did we enjoy about the system? What do we wish Sony had done better? We discuss along with the input of our LIVE viewers. Then we get into the gaming news for the week which include BIG announcements on Pokemon Generation 8: Sword and Shield! No, not gun. Although those memes of the pokemon holding the guns are kinda funny. All this and plenty more make up another week of OLR!

Also in the news:

- * Kingdom Hearts 3 DLC
- * Digital Game Lock (in China)
- * Final Fantasy XII Changes for Switch/XBOne
- * Weezer World in Fortnite

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
