TwitchCon was this week, and we recap some of the announcements that will steer the direction of the platform in the coming months. It will make it easier for more people to stream, but we ask the question- should they? We get into gaming console and computing news as well including big announcements from Sony this week during their Playstation State of Play... but not to be left out, Microsoft had their own things to say during an Inside Xbox event. We get into all these announcements and more on another week of the show where EVERY gamer has a voice!

Also in the news:

- * Drama around Ms. Pac-Man

- * N64 Prototype Controller

- * Fan Game based off Super Mario cartoon

- * Minecraft updates

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
