We are live again this week, and start off by recapping the X019 event where Microsoft detailed upcoming games for the Xbox One console, as well as additions coming to gamepass on PC and Xbox One. Xbox One isn't the only console in the news though, as Google Stadia is about to release, although not quite with all the features that the virtual system hopes to implement before it's wider launch to the general public next year. We discuss all this and MORE including our gaming weeks, taking a deeper look at Pokemon Sword/Shield and Death Stranding!

Also in the news:

- * Pokemon outrage on Twitter
- * Nintendo Ambulance Game
- * Is Bioware pulling a "Diablo 3" or "FFXIV" with Anthem?
- * Sonic The Hedgehog movie redesign

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!

LIVE on the VOG Network, Sunday nights at 6 Pacific, 9 Eastern www.vognetwork.com
