The news that Sony would stop selling digital copies of Cyberpunk 2077 sent shockwaves throughout the gaming industry this week. We discuss the issue and who might ultimately be to blame for the game's many refund requests on last gen consoles despite it running fine on more modern consoles and PCs. Is the issue as bad as social media makes it seem? Who might ultimately have to step down as a result? We talk about all this and more in a busy holiday week of gaming news!
