It's the 19th Anniversary of Orange Lounge Radio, and we stop to take a moment and thank everyone for their participation with our show whether for the last 19 years or the last 19 minutes. Then we get into the week in gaming news which includes a major update for Windows coming this year in Windows 11, and what that could mean for PC Gaming. It's said that Game Pass will be built into Windows 11, but at the core will it really be different from 10? We discuss this and much more in gaming this week!

Also in the News:

* Final Fantasy 9 Animated Series

* New Mana Game for Consoles

* AI Voice Acting Tech

* VR Players Upset with Facebook Ads

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
