We return this week after a week off on Halloween night, to recap all the news from last week and this week. It looks like Virtual Blizzcon 2022 will not be held, is this a result of the recent troubles that have come to light at Activision/Blizzard, or could it be the team looking at a new creative direction for future games? We discuss this and so much more on another week of the longest running video game podcast, Orange Lounge Radio!

Also in the news:

\* Playstation State of Play

\* Meta VR Removes Facebook Login

\* GTA: San Andreas for VR

\* Warner Bros. Smash Style Fighter?

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
