Rob arrives back from Blizzcon with minutes to spare before showtime, with some fresh opinions on their newest IP- Overwatch, as well as opinions on the show itself. We also welcome OLR favorite Marissa to the program to talk about the dream and breaking thru as a voice actor. LOKI expands on his Playstation 4 experiences now that he's recieved his system back from Sony, and we talk about the news including a PS4 firmware update that fixes some of the issues caused by the 2.0 update. Xbox One puts out an update of their own that allows some extra flexibility with dashboard and profile design.

Also in the News:

* Ubisoft games disappear from steam

* Return of Direct2Drive

* Mass Effect Trilogy remake poll

* Mario Kart 8 DLC Details
