

As of the taping of this show, we are just 7 days away from the first E3 press conference. Rob and Loki discuss what they might expect from each company, yet can't get away from fantasizing about how the number "3" might be involved. Discussing the news this week, our hosts along with the chatroom talk about some of the E3 news that's already been spoiled, such as a new Xbox One bundle that was posted a bit early on Amazon. We also take on the controversial issue of Steam issuing refunds with no questions asked.

Also in the News:

- \* Fallout 4 Teaser Trailer
- \* Counterfit Amiibo
- \* Desura owner files for bankruptcy
- \* Six games inducted into the Video Game Hall of Fame
