It was the night before E3... No wait, E3 is already beginning! On a special mini episode of OLR, we are interrupted by not only an overrun of the Nintendo World Championships, but a Bethesda press conference in the middle of our show! We get reactions on both these events and impressions from our audience LIVE!

Also in the news:

* Youtube to launch dedicated gaming App

* Mega Man Legacy Collection

* Disney Infinity exec on Amiibo

* DOTA 2

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
