A court decision comes down on fair use that could potentially have an impact on Let's Plays and video game streams online. We start off tonight's show trying to figure out what this could mean for this growing trend of sharing video game play online. Then our hosts and our listeners get into chat on Tokyo Game Show, but was the biggest news to come out of the show the news of many delays of much anticipated games?

Also in the News:

* Konami to cease AAA development?

* Gamestop bundle sales change

* Kingdom Hearts 2.8

* Playstation VR
