

A happy mothers day to all the gaming moms out there! We take a minute to reflect on some of our favorite gaming memories involving our mothers. Then we get right into the news this week, which includes some new additions to the self-proclaimed video game hall of fame! Did the right choices make the list? Also in the news:

* No Optical Drive on the NX?

* Miitomo to get an update

* New .game .games domains

* Persona 5 Release Date for Japan
