Playstation Now appears to be bound for PC's, but is this something that our hosts will be interested in? How about our live participants in the chatroom? The Sony news does appear to keep leaking out ahead of an expected event in early september, as a Playstation 4 slim version appears to have leaked off the assembly line into the hands of an auction winner. We discuss all this in the news, and reflect on 25 years of the Super Nintendo in the US.

Also in the News:

- * Final Fantasy XV DLC

- * Duke Nukem 3D Remake?

- * Pokemon Go usage decline

- * Return of Allison Road

All this and more on the show where EVERY gamer has a voice-- Orange Lounge Radio!
