

We reminisce a bit on the music games we spent much of our gaming lives playing with our special guest in studio tonight, JD. We also get to check in with Shane on his progress with shiny Pokemon collecting. Then we get to head into the news which includes more talk about Nintendos upcoming Switch, including a reveal date for more information-- in 2017! Does this news surprise us? Also, who is saying that they want to develop for the Switch? And will it really not replace the 3DS? Really?

Also in the News:

- * Hello Games hacked tweet
- * Microsoft VR partnerships
- * SAG-AFTRA strike update
- * Kingdom Hearts Remixes on PS4
