

The trailer for the new Sonic the Hedgehog movie was released this week, which caused some strong internet response on social media. This response was so strong that the director of the film has promised changes to the character in a tweet. What is it about this day and age that we live in with social media and "fan backlash" not just for movies based on games, but in the games industry itself? We discuss this as well as other headlines of the week.

Also in the news:

* Secret Code Editor in Switch Release

* Rocket League Developer Acquired by Epic

* Borderlands 3 Twitch Integration

* New Earthworm Jim for Intellevision
